Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The curriculum delivery and documentation mechanism is maintained by the college with the help of curriculum designed by the university. Planning of curriculum delivery and documentation is maintained regularly by the IQAC of our college. The Activities relating to curriculum are carried according to following steps: 1. Admissions: All Admissions are approved by the admission committee with the consideration of merits and reservation policies. All students need to fill admission form and submitted to the college along with necessary documents. The data and documents of collected admission forms is

filled in ERP based software and then the merit is prepared with the help of ERP System as per the rules and regulations. Finally merit list displayed on college website and notice boards. PG admission of the college is done as per first come first serve basis. 2. Curriculum: We follow the curriculum as prescribed by the university with utmost care and diligence. All faculties provide their useful suggestions related to curriculum of their respective departments. Teachers of the college are encouraged to participate in the syllabus up-gradation workshops. The IQAC advices and notices to all teachers and HODs about implementation of teaching activities as per timetable. Syllabus completion reports are collected from all the teachers and feedback is taken from all stakeholders by the HOD's. 3. Academic Calendar: Yearly academic calendar is prepared and uploaded in the college website. Students are informed about the academic calendar of the college notifying the probable teaching days, dates of internal examinations, curricular, extension related and co-curricular activities. Induction programme is organized for newly admitted students. 4. Time Table: The College has a time table committee, which prepares the central timetable. Teaching plan implementation and evaluation committee regularly observes the implementation of the timetable. The Arts and Commerce classes are scheduled at morning session and the classes of Science and Computer Science are scheduled at evening session. 5. Examinations: Continuous internal evaluation of students is conducted as per rules of SPPU. The examinations are steered by appointment of examiners, setting of question papers, conducting the examination, collection and compilation of continuous evaluation marks and online entry at the end of the semester. Class tests/surprise test and student seminars are held after completion of a section of the syllabus and periodic review of performance of students is undertaken. Tutorial classes are held in some departments within class routine hours for which separate attendance registers are maintained. Post-graduate students are specially trained to handle assignments, open-house seminars and dissertation to prepare them for academic research in future. 6. Administration: There is a meeting of all faculties conducted by the Principal at the beginning of each semester to plan and implement the admissions, curricular and extra-curricular activities in the semester. All departments have the mechanism for planning and implementation of various academic, curricular and extra-curricular activities. Departments are promoted to apply for the financial assistance to various funding agencies for organizing curriculum and extra-curriculum based workshops/seminars/ conferences.

Feedback Obtained
<p>The institutional development plans and decision making process is depends upon our feedback from all stakeholders. Feedbacks are collected through scheduled feedback forms. The choice based questions are asked according to group of stakeholders. The feedbacks are collected at the end of term or academic year. The collected feedback is classified according to questions. 1. Students Feedback: The students feedback is related to applicability of syllabus, teacher's depth of knowledge, communication skill, problem solving capacity and teaching skill. The opinions of students are also collected with relation to cleanliness, availability of classroom, drinking water, toilet and labs. 2. Parents Feedback: In this feedback form we ask the questions relating to admission process, Infrastructure and Lab Facility, Library, Sports and Cultural activity, Academic Discipline, Teaching Skills, Examination system,</p>

Educational resources, Students' Performance etc. We call the parent meeting with the purpose of reporting the new changes in the facilities. All parents are informed about overall performance of different activities and college campus. The feedback is collected in this meeting. 3. Alumni Feedback: We call the alumni meet and collect the feedback relating to Admission Procedure, Infrastructure and Lab Facility, Library, Sports and Cultural Activity, Students Counseling and Guidance, Academic Discipline, Examination system, Teaching Skills, Educational Resources etc. The opinions from all the stakeholders are written in the tabular form. The collected data is classified according to responses and groups. We analyze the data as per asked questions. Our principal calls the meeting of IQAC members. In the IQAC meeting we discuss about opinions given by students, parents and ex-students. The feedback received from student, parent and alumni are taken into account to determine the future development policy of the college.

CBCS pattern is adopted from June 2019 as per the guidelines of Savitribai Phule Pune University. Accordingly, 70 marks are allotted to University examination and 30 to Continuous internal assessment per year. Our college adopts Continuous Internal Evaluation system. Examination section of our college look forward to internal evaluation system. The notification regarding the programme of evaluation is forwarded to the teaching staff. Under the CIE system there are different ways like Home assignment, Written test, Open book test, Viva-voce, Projects/Presentations, Quizzes, classroom tests, seminars, orals, tutorials etc. are adopted. The CIE system is used to assess all aspects of the students. All the students are made aware of the evaluation process through the activities like: 1) The orientation programme at the beginning of the year through induction programme. 2) Teachers" teaching plans contains evaluation procedure. 3) We prepare the Academic Calendar considering with CIA exam dates. 4) Orientation on changes and amendments in the evaluation process through departmental meetings. 5) All types of information is displayed in the College and Departmental notice boards. Result analysis is done by the class tutors after every CIE. Pass percentage is calculated by dividing the total number of students appeared and passed . The performance of the students is monitored by the Principal and necessary feedback is given to the concerned faculty members. The Principal conducts Review Meetings to give necessary feedback for the improvement of students" performance. The College is keen on monitoring the performance of the students and reports to the Parents. Parents are advised to note the performance of their wards. Whenever necessary it is recommended the visit of the parent to the college for a discussion about the student. External examination of three hours duration is conducted at the end of every semester for all the theory papers and practical papers. Supplementary are conducted who have appeared and failed in any one of the examination of theory paper. CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Decentralization: There is a mechanism of providing operational autonomy to various functionaries in order to ensure a decentralized governance system in our college. The management of the activities which are decentralized which we are using four levels: 1. Principal Level: Principal is the member secretary of the governing body and chairperson of the IQAC. The Principal in consultation with the Teachers' Council nominates different committees for planning and implementation of different academic, student administration and related policies. All academic and operational policies are based on the unanimous decision of the governing body, the IQAC and the teachers' council. 2. Faculty level: Faculty members are given representation in various committees/cells nominated by the Teachers council, in the Governing body, in the IQAC and other committees. Every year, the composition of different committees is changed to ensure a uniform exposure of duties for academic and professional development of faculty members. 3. Student level: General Secretary of the students union is the member of governing body. Students are empowered to play important role in different activities. 4. Nonteaching staff level: Nonteaching staff are represented in the governing body and the IQAC. Suggestions of nonteaching staff are considered while framing policies or taking important decisions.

Participative management: The participative management of the college promotes the culture of good management at the strategic level, functional level and operational level. 1. Strategic level: The Principal, governing body, Teachers council and the IQAC are involved in defining policies procedures, framing guidelines, rules and regulations pertaining to admission, examination, discipline, grievance, support services, finance etc. 2. Functional level: Faculty members share knowledge among students and staff members while working in different committees. The non-teaching members helps to students in different official matters likes admission, scholarships, examination and other facilities. 3. Operational level: The Principal interacts with government and external agencies regarding affiliation, approval and other official activities. Students and office staff join hands with the Principal and faculty for the execution of different academic, administrative, extension activities.

6.1.2 – Does the institution have a Management Information System (MIS)?

Yes

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

Strategy Type	Details
Admission of Students	The admission procedure is undertaken as per guidelines of Savitribai Phule Pune University. In every academic year college forms the admission committee which councils properly to the new students regarding admission process in the college campus. The students those who are taking admission in SY are guided for selection of special subjects. Transparency is maintained throughout the admission process by displaying merit list. The students notified about admission process

	through the notice board and college website.
Industry Interaction / Collaboration	<p>Guest lecturers of eminent industry person are arranged by various departments which helps the students to update themselves. This is useful for upgradation of student knowledge and helps in choosing carriers. Such kind of activities bridge the gap between academia and industry which helps to form a collaborative association for placement and entrepreneurship. We engage with industry in terms of conducting frontline research to cater to the societal needs. Student placement is another area where industry is actively involved. College has a good communication with the leading industries and this resulted into the placements of students prior to their final results. Experts from the IT industries and Chemicals industries are invited for the hands-on training and demonstrations of modern experimental and analytical techniques.</p>

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

Best Practices I: Title of the Practice: Trekking and Cleanliness Program at Historical Forts. Objectives of the Practice: To develop awareness of cleaning of historical and natural places like Forts (Torna, Raigad, Rajgad, Vasota, Raireshwar, Purandar, Rohideshwar, Ghewadeshwar, Kawalagad, Kenjalgad etc.), Nira-Devghar Dam, Bhatghar Dam, Gunjawani Dam and Mandhardevi Temple etc. The Context: Trekking and Hygiene program at the forts of Torna, Raigad, Rajgad, Vasota, Raireshwar, Purandar, Rohideshwar, Mandhardevi Temple, Ghewadeshwar Temple, Kawalagad, Kenjalgad, Nira-Devghar Dam, Bhatghar Dam, Gunjawani Dam etc. Organized in every year by joint efforts of National Service Scheme(NSS), National Catet Course(NCC) of Army and Nevy students of our college. Our Faculty members always interested to organize trekking and cleanliness programs in the holidays and special occasions like Chhatrapati Shivaji Maharaj Jayanti, Rashtrapeeta Mahatma Gandhi Jayanti, Pandharpur Wari, mandhardevi Yatra etc The Practice: . This program organized for to make aware the students of our college about the cleanliness of these historic places. In these program lots of garbage is collected and disposed. Under this practice various institutes

and their students like Sahyadri Trekkers group, Anantrao Thopte College, Bhore around 200 students participate in every year. Evidence of Success: We proud that our area is that type of historical area in which Chhatrapati Shivaji Maharaj has actively performed and developed a base of Maratha Empire. With this appreciation our students and teachers which are living in this mavalas area are practicing trekking and cleanliness program hole heartedly at historical places and forts of Maharashtra. Problems Encountered and Resources Required: Organizing such event is big challenge. Around all cadets of NCC participating in the trek as outdoor activity with mission of Swaccha Bharat Abhiyan. As such so far, no problem is encountered and whatever small little problems were taken care by team itself. To carry notice boards all the way especially at the top of fort is challenge. Resources Required: Notice boards which are self-explanatory about importance of cleaning and keeping that place clean. Notes (Optional): During these treks and cleaning campaign students not only cleaned the campus but also contributed to carry stuffs like sand bags at each forts and temples. Cadets make human chain to carry and pass on sand bags for construction work at top of the fort. Which is one of the challenging jobs during construction of damaged part of fort or historical places during restoration work. Which can be achieved by the help of students. The practice of plantation is also undertaken at historical places like forts, temples and dams etc. Best Practices II Title of the Practice : Financial support to the deserving students by the college It has seen from the profile of students admitted to various courses running in the college that almost all the students are coming from the rural areas with low economic back ground. Their parents are unable to provide them a sustained financial support because of poor farming, lack of industrial zone and not any other source of assured income in the Bhore Taluka. So, the main objectives of the practice are, • To give financial support to the poor students, especially from the rural, to save them from discontinuation of their studies owing to poverty by giving concessions in the admission fees. • To support financially all the deserving poor students without any discrimination of caste, creed or gender. • To promote the 'equality' among the students. • To encourage the values 'sense of social responsibility' among the students. The expected outcome is that the students should be able to complete their degrees with good marks. The beneficiaries support the other needy students with the principle of 'lend a helping hand without discrimination.'

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Institutional Distinctiveness Anantrao Thopte College, Bhore is serving in the hilly and rural area since last 37 years. The 90 percent students in this area are benefited by the educational facility of the college. The literacy and higher educational rate is increased in Bhore taluka due to educational function of the college. College is established in 1982 upto this year there was no availability of higher education in Bhore area since that year, college is providing basic and qualitative education to all students. The most significant achievement of the college is the ratio of the girls students is increasing every year this is helpful to satisfy the objective of women empowerment. Our some of the key features are: 1. Fee waiver scheme and financial support to students 2. Exploration of Knowledge of students from hilly area 3. Creation of centre of academic excellence in hilly area 4. Creative and innovative educational activities 5. Effective relationship among students and teachers 6.

Providing quality education with a minimal fee structure 7. Promoting academic, physical, moral and cultural development of students 8. Preparing students for the different sports and games 9. Social inclusiveness through NSS camp and activities 10. Encouragement of girl and boys to participate in NCC 11. Academic and professional development of teachers and staff
